NOEMI ELIZIÁRIO CONTRERA

Computer Engineering Student | IT Intern — Power Platform & Power BI

Jacareí, Brazil | (12) 98149-7618 | eliziarionoemi@gmail.com | linkedin.com/in/noemiecontrera | github.com/noemiecontrera

PROFESSIONAL SUMMARY

Computer Engineering student and IT intern with hands-on experience building and maintaining Power Platform solutions (Power Apps, Power Automate) and Power BI dashboards for an enterprise Training & Development department. Comfortable across HTML, CSS, JavaScript, Java (OOP), Python, and C. Currently designing and building a website for the university robotics team, applying UX/UI principles. Trilingual (Portuguese, English, Spanish).

TECHNICAL SKILLS

- Languages & Web: JavaScript, HTML, CSS, Java (OOP), Python, C — Bootstrap 5, Tailwind CSS
- Microsoft Power Platform: Power Apps, Power Automate, Power BI
- Design & UX: Figma (UI design and prototyping)
- Practices: UX/UI fundamentals, process automation, data organization, Agile basics
- Tools: Git/GitHub, Excel (advanced spreadsheets & tax calculation support)

PROFESSIONAL EXPERIENCE

IT Intern — Embraer *2025 – Present*

- Serve as the primary IT point of contact for the Training and Development department, triaging and resolving support requests
- Develop and maintain Power Platform solutions (Power Apps / Power Automate) used by the department, automating internal processes and reducing manual effort
- Build Power BI dashboards to give the department visibility into key training metrics
- Support automation of team routines and internal processes, contributing to faster turnaround on department requests

Accounting Assistant — Relevante Contabilidade *2023 – 2024*

- Maintained client registration records and supported day-to-day bookkeeping for a portfolio of 150+ client accounts
- Completed and organized spreadsheets for tax calculation, supporting compliance with fiscal and regulatory obligations
- Assisted with fiscal reporting, developing early accuracy and attention-to-detail habits later applied to technical/data work

PROJECTS

- University Robotics Team Website — designing UI/UX in Figma and developing the site with HTML, CSS, and JavaScript, using Bootstrap 5 and Tailwind CSS for responsive, component-based layouts

EDUCATION

Bachelor of Computer Engineering *2024 – 2028*

Adventist School — High School Diploma *2021 – 2023*

LANGUAGES

- Portuguese — Native
- English — Fluent (Newbold College Certification)
- Spanish — Intermediate (SIELE Certification)

CERTIFICATIONS & TRAINING

- Power Platform: Power Apps, Power Automate (LinkedIn Learning)
- AI Tools: Microsoft Copilot & Copilot Studio, GitHub Copilot (Embraer internal training)
- Agile & UX: Scrum Pocket, UX Design (Embraer internal training)
- IT Foundations: DevOps Foundations (LinkedIn Learning), Cyber Security (Embraer internal training)

VOLUNTEERING & ADDITIONAL EXPERIENCE

- Volunteer, Formula E event (electric motorsport) — supported event organization, collaborating with multidisciplinary teams in a fast-paced environment
- Cultural Exchange Program — Italy, France, and United Kingdom (Sept 2023)
